

Heaventree

muted soft
caprices the lilting
draped lightest hum
in flutter of
reticent of wings
thunder sea like
each fleeting breeze
single wordlessly
whistling above quiet
the blade the promises
whispering of soft rustling
of grass with
doubt densely purpose
heard layered
from in seductive
an early tenderly
ever bloom muttered
reticent ever words
murmur dreamily
tempting
flurries those
of with
warning keen
rise ears hush
into them
flight all
leaving
their
gentle
songs
voiceless
